

Our Lady of Good Help Catholic Primary School

WEEKLY NEWSLETTER

17TH JANUARY - 21ST JANUARY 2022

Like Our Lady, we live wisely, think deeply and love generously, in Christ

We have some lovely news...

Miss Peacock is getting married tomorrow!!

We know you will all join with all of the staff at Our Lady's in wishing her and her partner, Richard, the most wonderful day of celebration as they tie the knot!

They are raising money for Maggie's. Maggie's is a charity providing free cancer support and information in centres across the UK and online.

We've attached the link below should anyone wish to donate to such a worthy cause.

Today's Gospel Message

He now went up onto the mountain and summoned those he wanted. So they came to him and he appointed twelve; they were to be his companions and to be sent out to proclaim the message, with power to drive out devils. And so he appointed the Twelve, Simon to whom he gave the name Peter, James the son of Zebedee and John the brother of James, to whom he gave the name Boanerges or 'Sons of Thunder'; Andrew, Philip, Bartholomew, Matthew, Thomas, James the son of Alphaeus, Thaddaeus, Simon the Zealot and Judas Iscariot, the man who was to betray him.

Mark 3:13-19

WHAT HAVE WE BEEN LEARNING?

Reception have been busy building and investigating lots of different things this week. The children predicted what would happen to the dinosaur egg bath bomb when put into water in a science investigation. They then wrote about this using fantastic vocabulary and their phonics knowledge. In maths, the children have been doing lots of counting, singing number songs and making numbers to ten using a tens frame. During RE, they have enjoyed discussing celebrations and have been planning a celebration of their own.

THIS WEEK'S SUPER

for her fantastic use of
vocabulary in science
investigations this week

Year 1

WHAT HAVE WE BEEN LEARNING?

We have had another fantastic week of learning in year one. We enjoyed exploring and learning about 3D shapes and we worked hard to compare the shapes. In RE we learnt about how the parish family gathers to celebrate Mass with the priest on Sunday and we took part in some role play activities. During PE lessons, we played some target games including rolling a ball and aiming it at a target. We also looked at where we live using maps of the UK and Liverpool and we discovered the importance of our address. Next week we will be doing some geography fieldwork and investigating the area around our school.

THIS WEEK'S SUPER

for brilliant maths work
about 3D shapes!

Year 2

ATTENDANCE TOKENS AWARDED THIS WEEK

WHAT HAVE WE BEEN LEARNING?

We have had such a busy week in Year 2 this week! In RE we have been learning about the Old and New testaments. We learnt that there are 4 gospels written by Matthen, Mark, Luke and John. In Maths, we have been learning all about money, what coins and notes we use. We have been finding equal amounts of money and have also been thinking about giving change. In PE, we continued learning about passing a ball with accuracy at a given target. This we we used our feet to do this. As part of of Geography this week, we located Kenya on a map of Africa and learnt about the different climates around the world. We found out that in Kenya the climate differs from place to place.

THIS WEEK'S SUPER

for a very good understanding of money when finding equal amounts.

Year 3

ATTENDANCE TOKENS AWARDED THIS WEEK

WHAT HAVE WE BEEN LEARNING?

Year 3 have made a good start to our term. This week we have listened to the story of Jesus' first miracle at the Wedding Feast of Cana. We have been reflecting on how we can follow Jesus in school, home and in the wider world. In maths, have made a good start on learning how to multiply and divide by 8. We have explored the link between the 2,4, and 8 times tables. In English, we have been learning how to create similes and have been able to create our own sentences, based on the book *The Magic Paintbrush*. In PE, we have been developing our balances as part of our new topic *Gymnastics*. The children have been very creative.

THIS WEEK'S SUPER 
for having always working hard in
class, and having such a caring
nature.

Year 4

ATTENDANCE TOKENS AWARDED THIS WEEK

60

WHAT HAVE WE BEEN LEARNING?

This week in year 4, we have had a brilliant time finishing off our multiplication unit in maths. We have moved on to some really fun problem solving questions, which the children have enjoyed solving! In science, we have been exploring different sound sources and explaining how these sources create sound. It was a lot of fun examining these different sources and trying to figure out where what is vibrating to make the sound. In history, we have been learning more about the Indus Valley civilisation and their lack of monuments and the puzzles this has left archeologist. In geography, we have been learning about another type of settlement - the village.

THIS WEEK'S SUPER
for exceptionally hard work and
a fantastic attitude!

Year 5

ATTENDANCE TOKENS AWARDED THIS WEEK

50

WHAT HAVE WE BEEN LEARNING?

Well done Year 5 on another wonderful week of learning! In maths, we have been working on our long multiplication skills. Our class have really tried their best and they should be really proud of their maths this week. We have continued to work on our superb arithmetic skills, too. In our English lessons, we are now starting to write our independent work on our book 'Cosmic'. Our writing has been fantastic using relative clauses, adjectives, modal verbs/adverbs as well as dialogue. In geography we are working on our knowledge of the U.K. This week have located counties in the United Kingdom. Some of our class took part in a basketball tournament. They made it to the semi-finals! Well done!

THIS WEEK'S SUPER

for working hard on her long multiplication and her independent writing!

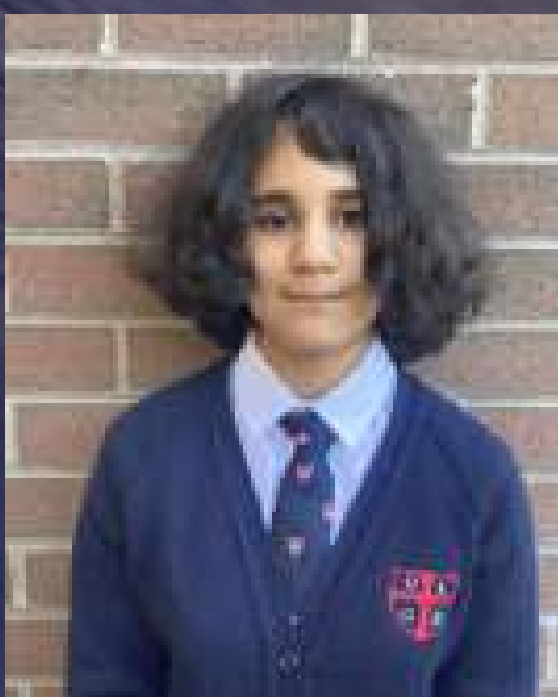

Year 6

ATTENDANCE TOKENS AWARDED THIS WEEK

70

WHAT HAVE WE BEEN LEARNING?

Another hard-working week in Year 6! In maths, we have started our new topic which is decimals - finding out equivalent fractions whilst multiplying and dividing them. During English, we are continuing to work hard on analysing the story - Varmints, using a wide range of punctuation and grammar in our writing. In RE, we have analysed the effectiveness of sources including the Bible. As part geography, we have investigated climate change and what we can do to combat it. Meanwhile, in art, we have been studying the artist, 'Hokusai.' In our science, we have continued to classify organisms into groups and describe their characteristics. A massive well done to the winners in '10 Club' too this week! Very well done Year 6.

THIS WEEK'S SUPER 
for her excellent explanation of
her answers across all subjects.

Basketball Competition

Well done to our Year 5 children who took part in a basketball competition at St. Nicholas Academy in Garston on Wednesday. This was our first external competition for a long time!! The children got to the semi-finals which absolutely fantastic - well done!

Weekly Attendance

Weekly Attendance = 93.5%

Attendance Matters

Every Day Counts....

**This week's token winners:
Reception and Year 4!**

Well done to both classes

Weekly Punctuality

Weekly Punctuality = 94.2%
Target = 100%

Anyone arriving after 9:30AM is now marked absent for the morning session.
